## HOUSEHOLD HELPS.

Milk rarely proves indigestible if sipped slowly. When swallowed hastily it forms a solid mass, and thus causes indigestion. Children should always be urged to take their milk slowly, as it is very good for them when properly taken.

There are sugar boilers to be had which are so made that the sides are protected from the heat and direct bottom heat only received. This prevents scorching the sugar as it thickens and recedes, and also any fruit strips during the process of jelly or preserve making.

The crisp raw cucumber, appetizing as it is, proves very indigestible to many people. Let these try them cooked. Cooked cucumbers may be served hot with a cream sauce or cold as a salad. Rather ripe vegetables should be selected, and they should be stewed very slowly. Finely shredded chile peppers added to the sauce improve its appearance and take away the slight insipidity of the cooked cucumber without destroying the flavor. When serving the cooked cucumber as a salad cut it lengthwise instead of across, as with the raw vegetable.

## Tutti Frutti Filling.

Soak two tablespoonfuls of gelatin in water to cover for twenty minutes then melt over the tea kettle. Cook two cups of granulated sugar with eight tablespoonfuls of water until it threads; pour in the melted gelatin, add a teaspoonful of vanilla or rose water and beat in a cool place until white and thick. Toward the end of the beating stir in two or three tablespoonfuls of various crystallized fruits cut in small bits, and add fine chopped nuts if desired.

## Seed Cakes.

A simple recipe for plain but excellent seed cakes calls for one cup of butter and two cups of sugar beaten to a cream, two cupfuls of baking powder, sifted together three times, a pinch of salt, two tablespoonfuls of caraway seeds and three tablespoonfuls of sweet milk. More flour may be added if not quite stiff enough to roll. Turn out on a floured board and roll with a floured rolling pin until nearly as thin as a wafer. Cut into round or oblong cakes and bake in a rather quick oven. Some housekeepers prefer to add a couple of eggs to this recipe, which makes the cookies a little harder.

It pays to read the want columns of The Star. Hundreds of situations are filled through them.
